# STRAWBERRY MILKSHAKE IPA

MILKSHAKE IPA | 7.3% ABV

## BEER STORY

- Our fruit beer series is one way our brewers experiment and innovate with the newest trends in beer.
- Milkshake IPAs are a subcategory to Hazy IPAs, often including the addition of fruit and lactose to taste a bit more like a milkshake.

## TASTING NOTES

- No brain freeze here – this Milkshake IPA has a velvety texture from an abundance of wheat and oats
- Berry-tasting Vic Secret hops for flavor and aroma complement the mounds of strawberries in this beer.
- We added lactose for extra body and sweetness!

## SUSTAINABILITY

- We send 1% of this beer's proceeds to environmental nonprofits.
